FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Economic Development - Division of Professional Registration** assume this proposal would not impact their agency.

Officials from the **Department of Health and Senior Services (DOH)** state the Bureau of Emergency Medical Services already has personnel and equipment in place to license emergency medical technicians, therefore, the small number of EMT-I's would have a small fiscal impact that would be absorbed by the DOH.

The **City of St. Louis** did not respond to our fiscal note request.

DESCRIPTION

This proposal adds the City of St. Louis to the list of counties where persons can be licensed as emergency medical technicians-intermediate (EMT-I).

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
